- Mosaic colours shown here are purely indicative, tonal variation is an inherent characteristics of any fired product.
- Size variation & irregular edges are inherent characteristics of recycled mosaics. These characteristics can affect the grout joint appearance and enhance the natural aura of the product.
- "Neon" look mosaics after exposure to natural/artificial lights for sometime gives photoluminescent effect which is visible in complete darkness. After few minutes the glow of this mosaic begins to decay, the effect gets reduced by 90% within an hour, which remains visible for next 6-7 hours.

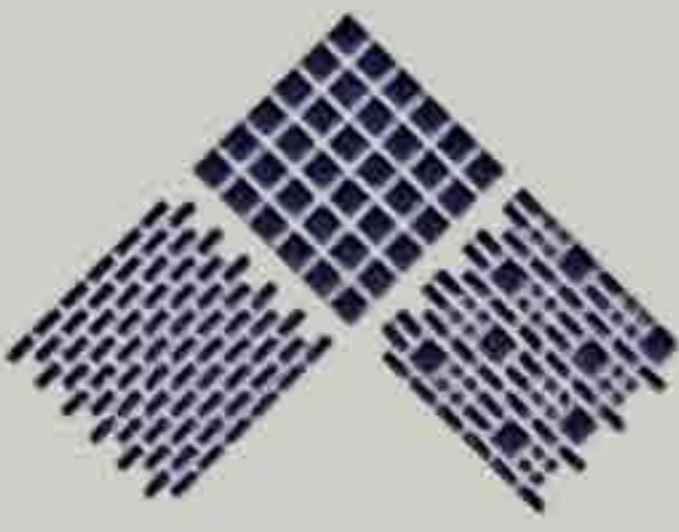

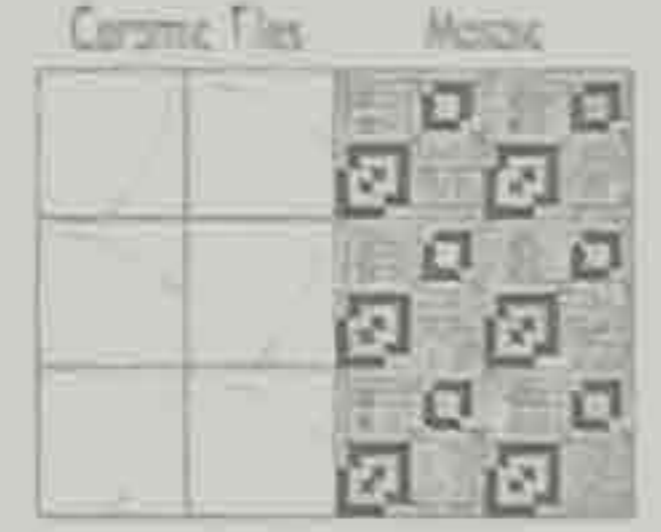

Elegance, Functionality & Freedom of design

Veneto mosaic brings to the market 'Recycled mosaic' which is made with post consumer glass. Veneto mosaic adds liveliness to the ambience through their looks, form and feel of the product.

The fact that it is made from post consumer glass is a statement of our commitment towards doing our bit for preserving the environment so that the coming generations can enjoy this earth in the same way as we have been able to do.

Veneto mosaic range having 5 sizes, 7 looks, 80+ colours create infinite design possibilities to explore and make you experience the wonderful world of mosaic.
